

Supplier Declaration of Conformity and Material Declaration

Declaration ID No.: 99-151222-D

Equipment Type and Name: TT-8157A/B/C/D EXPLORER 8100

TT-8158A EXPLORER 8120

Thrane & Thrane A/S trading as Cobham SATCOM hereby declares compliance with the RoHS and REACH directives as stated below.

Material declaration below shows the amount of hazardous materials contained in 1 item of the product:

Material name		Threshold level	Above threshold level	If yes, material mass		If yes, Information on where it is used																																																																																
			Yes/no	Mass	Unit																																																																																	
Asbestos	Asbestos	No level	no																																																																																			
Polychlorinated Biphenyls (PCBs)	Polychlorinated Biphenyls (PCBs)	No level	no																																																																																			
Ozone Depleting Substance	Chlorofluorocarbons (CFCs)	No level	no																																																																																			
	Halons		no																																																																																			
	Other fully halogenated CFCs		no																																																																																			
	Carbon tetrachloride		no																																																																																			
	1,1,1-Trichloroethane		no																																																																																			
	Hydrochlorofluorocarbons		no																																																																																			
	Hydrobromofluorocarbons		no																																																																																			
	Methyl bromide		no																																																																																			
Anti-fouling systems containing organotin compounds as a biocide		2500 mg total tin/kg	no																																																																																			
			no																																																																																			
<table border="1"> <thead> <tr> <th colspan="2" rowspan="2">Material name</th> <th rowspan="2">Threshold level</th> <th>Above threshold level</th> <th colspan="2">If yes, material mass</th> <th rowspan="2">If yes, Information on where it is used</th> </tr> <tr> <th>Yes/no</th> <th>Mass</th> <th>Unit</th> </tr> </thead> <tbody> <tr> <td colspan="2">Cadmium and cadmium compounds</td> <td>100mg/kg</td> <td>no</td> <td></td> <td></td> <td></td> </tr> <tr> <td colspan="2">Hexavalent chromium and hexavalent chromium compounds</td> <td>1000mg/kg</td> <td>no</td> <td></td> <td></td> <td></td> </tr> <tr> <td colspan="2">Lead and lead compounds (non alloy)</td> <td>1000mg/kg.</td> <td>no</td> <td></td> <td></td> <td></td> </tr> <tr> <td colspan="2">Lead and lead compounds (alloy: Al/Cu)</td> <td>0.4% / 4%</td> <td></td> <td></td> <td></td> <td></td> </tr> <tr> <td colspan="2">Mercury and mercury compounds</td> <td>1000mg/kg</td> <td>no</td> <td></td> <td></td> <td></td> </tr> <tr> <td colspan="2">Polybrominated biphenyl (PBBs)</td> <td>1000mg/kg</td> <td>no</td> <td></td> <td></td> <td></td> </tr> <tr> <td colspan="2">Polybrominated diphenyl ethers (PBDEs)</td> <td>1000mg/kg</td> <td>no</td> <td></td> <td></td> <td></td> </tr> <tr> <td colspan="2">Polychloronaphthalenes (Cl>3)</td> <td>No level</td> <td>no</td> <td></td> <td></td> <td></td> </tr> <tr> <td colspan="2">Radioactive substances</td> <td>No level</td> <td>no</td> <td></td> <td></td> <td></td> </tr> <tr> <td colspan="2">Certain shortchain chlorinated paraffins</td> <td>1%</td> <td>no</td> <td></td> <td></td> <td></td> </tr> </tbody> </table>							Material name		Threshold level	Above threshold level	If yes, material mass		If yes, Information on where it is used	Yes/no	Mass	Unit	Cadmium and cadmium compounds		100mg/kg	no				Hexavalent chromium and hexavalent chromium compounds		1000mg/kg	no				Lead and lead compounds (non alloy)		1000mg/kg.	no				Lead and lead compounds (alloy: Al/Cu)		0.4% / 4%					Mercury and mercury compounds		1000mg/kg	no				Polybrominated biphenyl (PBBs)		1000mg/kg	no				Polybrominated diphenyl ethers (PBDEs)		1000mg/kg	no				Polychloronaphthalenes (Cl>3)		No level	no				Radioactive substances		No level	no				Certain shortchain chlorinated paraffins		1%	no			
Material name		Threshold level	Above threshold level	If yes, material mass		If yes, Information on where it is used																																																																																
			Yes/no	Mass	Unit																																																																																	
Cadmium and cadmium compounds		100mg/kg	no																																																																																			
Hexavalent chromium and hexavalent chromium compounds		1000mg/kg	no																																																																																			
Lead and lead compounds (non alloy)		1000mg/kg.	no																																																																																			
Lead and lead compounds (alloy: Al/Cu)		0.4% / 4%																																																																																				
Mercury and mercury compounds		1000mg/kg	no																																																																																			
Polybrominated biphenyl (PBBs)		1000mg/kg	no																																																																																			
Polybrominated diphenyl ethers (PBDEs)		1000mg/kg	no																																																																																			
Polychloronaphthalenes (Cl>3)		No level	no																																																																																			
Radioactive substances		No level	no																																																																																			
Certain shortchain chlorinated paraffins		1%	no																																																																																			

RoHS compliance Yes/No: Yes	REACH compliance Yes/No: Yes
